WELCOME TO JOLIET HIGH SCHOOL

The staff of the Joliet School system welcomes you as a member of its student body. This school belongs to you, to your parents/guardians, and to the community. The Joliet School has a reputation for a high level of academic and athletic achievement, and we hope to continue this tradition as we strive for excellence in all we do.

This handbook has been carefully constructed so it will be of great value in helping you adjust to and become an integral part of Joliet Schools. Since it is difficult to address all issues that may arise during the year, we have limited the comments to the more common rules, expectations, and opportunities for our students. Students and parents/guardians are encouraged to discuss any questions or suggestions with the staff and administration.

Joliet High School is a full-time high school. We have a high level of expectations for our academic and extra-curricular programs. We encourage you to take advantage of the academic and extra-curricular opportunities that are available. Get involved, have fun, and have a great year.

The Joliet School Board and Administration provides guidelines for behavioral expectations, consequences and disciplinary actions. However, these are guidelines and there may be variances from them as seen appropriate or necessary.

I. ACADEMICS

Graduation Requirements

A total of 26 credits are required for graduation from Joliet High School. Ten (10) elective credits and 16 required credits are needed. The required courses are as follows:

- 4 credits of English – English I, English II, English III, English IV
- 3 credits of Math
- 2 credits of Science
- 3 credits of Social Studies – World History, US History, Government (1/2), Economics (1/2)
- 1 credit of Computers
- 1 credit of Physical Education – Physical Education I (1/2), Physical Education II (1/2)
- 1 credit of Health Education – Health I (1/2), Health II (1/2)
- 1 credit of Fine Arts – Band, Chorus, or Art

Graduation with Honors

Students who complete the requirements for graduation with a grade point average of 3.25 or better will receive honor cords and graduate with honors.

Requirements for Early Graduation

Students interested in graduating early must make application to the Joliet Board of Trustees and show evidence of need in one or more of the following areas:

1. Advancement in academic and/or vocational training.
2. Entrance into military service.
3. Hardship in which such income earned by the applicant is necessary for maintenance of the family unit.

Valedictorian and Salutatorian Awards

In awarding scholarships based on academic achievement, special consideration will be given to students who have completed available academic solids beyond those specified in the College Preparatory Program. Honors

and advanced placement courses will be weighted. Students must be enrolled at Joliet High School for their entire junior and senior year to be eligible for the Valedictorian or Salutatorian awards, and must have taken at least 5 classes from the 4.0 or 5.0 point categories listed below.

The chart below lists all courses and the difficulty factor assigned to each course. This chart will be used only in the determination of Valedictorian and Salutatorian for our school. Each grade is given a grade value: A=4, B=3, C=2, D=1, F=0. The difficulty factor is multiplied by the grade value, and then one (1) point is added for each course taken. This will be the total points received each semester, except for the senior year, where the third quarter grades will be utilized as the second semester grades. The senior with the highest total point will receive the Valedictorian honor; the second highest total points will receive the Salutatorian honor. A weighted-grade committee will determine the course difficulty level. This committee will consist of two teachers, the school counselor, one board member, and the high school principal. Exchange students are not eligible for Valedictorian or Salutatorian honors. All elective classes listed below are subject to change, not offered, or offered alternating years.

- **High School level online classes that are electives are weighted as a 2.0.**
- **AP online will be weighted as a 4.0.**

Grade Advancement Requirements

The District has established a set of advancement requirements for 9-12 grade students which will act as a guide in helping students move methodically and purposefully on a course that will eventually lead to high school graduation. Therefore, the following advancement requirements are required in the Joliet District.

1. To advance to the 10th grade, students must earn at least three (3) units of credit in 9th grade, two (2) of which must be in English, math, or science.
2. Failure to pass a 9th grade English, math, or science class shall necessitate the failed course being retaken in the 9th grade, even though the student may have earned enough credit to advance to the 10th grade.
3. Students who have failed one or more 9th grade courses may get credit for that course by retaking it in the summer.
4. A student who is retained in the 9th grade would normally have to repeat all classes. However, the junior and senior high principal may allow the student to take one or more advanced course. In the event that the principal of the junior and senior high do not agree on allowing a student to take advanced courses, the decision will be appealed to the Superintendent.
5. Students may be retained at each grade level if the following year requirements are not met by August 30:
 - A minimum of three (3) units is required for advancement into the 10th grade.
 - A minimum of nine (9) units is required for advancement into the 11th grade.
 - A minimum of fifteen (15) units is required for advancement into the 12th grade.

Scholarship Policy

The Scholarship Committee will review applications, interview candidates, and determine scholarship recipients and scholarship awards. This committee will be comprised of community member(s) (minimum of 2), school board member(s) (1) and teachers (minimum of 2). The scholarship process will be implemented and supervised by the school counselor.

Scholarships awarded through the Joliet Scholarship Fund will be mailed to the school of the student's choice either the first semester, the second semester, or divided between the two semesters (this is done at the discretion of the college). The check will be made out to the college and the student. The guidance counselor will provide the office with a list of scholarships, to whom they are awarded, and for what dollar amount.

It is the responsibility of the recipient to make arrangements with the office for mailing the check(s) to the school of his/her choice.

College Classes

Students may take college classes and enrollment must be pre-approved by the Principal if the classes are scheduled during the regular school day. Those additional college classes will not show up on the Joliet transcript and will not be calculated into the JHS GPA.

College Preparatory Program, Montana University System

In order to improve students' preparation for college-level work, the Board of Regents of Higher Education requires the College Preparatory Program for students who wish to enter a unit of the Montana University System. The graduation requirements at Joliet High School meet the requirements for entrance to the Montana University System.

Grading System

A	Superior Work	90 - 100%
B	Excellent Work	80 - 89%
C	Average Work	70 - 79%
D	Below Average Work	60 - 69%
F	Failing Work	Below 60%
P	Pass	

Honor Roll

Students with a 3.0 Grade Point Average or better will qualify for the Honor Roll. Students earning a 3.5 Grade Point Average or better will qualify for the Academic Honor Roll.

Incomplete Grades

All incomplete grades must be made up within five (5) school days of when the grades are posted by the individual teachers at quarter/semester time. If incomplete grades are not made up within the time limit, grades will be posted with incomplete assignments receiving zeros (0). (The exception may be an extended illness when the makeup deadline will be determined by the Principal.)

Course Credit

Credit is earned for grades of A, B, C, D, and P. Students may repeat a course one time in which they earned failing grades and no credit.

Report Cards

Report cards will be available approximately two (2) weeks after the end of the grading period.

Semester Tests

Semester tests will be given by all teachers and they are to be an evaluation of the semester's study. A paper or project may be substituted for this evaluation by the teacher. Projects replacing semester tests must be approved by the high school principal. The semester final will count no less than 10% and no more than 20% of student's semester grade. Second semester evaluations for seniors will not be administered.

Progress Reports

Student progress reports may be sent home at any time between marking periods. These reports may contain information on commendations as well as areas of concern. These reports do not necessarily mean the student is failing, but a deficiency is noted that needs correcting. Student grades may also be accessed on the web. Student passwords will be obtained from the school counselor.

Correspondence Study

The Joliet School Board of Trustees may accept a maximum of four (4) semester hours of correspondence courses from a school approved by the University Continuing and Adult Education, or a university approved by the Board of Trustees, toward graduation elective requirements. Correspondence courses cannot supplant courses offered at Joliet High School. Students who transfer into our District during their high school years will be evaluated on an individual basis. Correspondence courses cannot be used to allow a student to graduate early from high school.

Dual Credit for College Classes

A student may receive high school credit on their transcript as well as the college credit they earn through the university/college they are enrolled. Student must be enrolled in a college and class approved by the Principal to receive dual credit. (Eight classes/credits per year will be averaged and weighed into a student's GPA and weighting for valedictorian and salutatorian honors.)

A semester college class will be entered on student transcript as one (1) credit, not ½ credit.

Attendance

Out of District Attendance

The Joliet Board of Trustees will determine if it is in the best interest of the Joliet School District to allow a high school student from another school district to enroll in Joliet High School. The Board of Trustees may use the following to determine if attendance should be granted:

- ✓ Attendance records for all high school years
- ✓ Grade records for all high school years
- ✓ Behavior records for all high school years
- ✓ Letters from previous principals, guidance counselors, and/or teachers
- ✓ Police and court records
- ✓ Special educational requirements

School Day and Time Schedule

The school day begins as soon as students arrive on the school grounds. Students are not to enter the building before 8:00 a.m. without permission. They are to report to their first period class before the 8:15 a.m. bell. Three minutes are provided to move between classes.

Class Bells

Classes are to be dismissed by the teacher, not the bell. No class is to be dismissed before designated pass time. Students are not allowed to run out of the room nor are students allowed to gather in the doorway waiting for the bell to ring. Students are to remain seated until the passing bell rings and the teacher dismisses them.

Hall Passes

Students must have a hall pass if they leave the classroom during class time. Students should go to their lockers between classes to get their materials for the next class. Students may leave the school premises after school starts in the morning or afternoon only if they are checked out through the District Secretary's office. If a student needs to see a teacher, the counselor, or principal during a class period, the student should make an appointment and receive a hall pass from that individual in advance. Any student in the hall without a hall pass may be required to serve detention.

Tardies

A student is considered tardy if he/she is not in the classroom when the bell sounds to begin class. The only exception is if the student has a hall pass or permission to be out of the room. If the student comes to class without an excuse after ten minutes of class, the student will be counted absent for that period. One parent/guardian excused tardy per semester will be allowed if the student is late getting to school. The parent/guardian must contact the office within 24 hours to excuse the tardy. Students will be allowed three (3) tardies per semester without disciplinary action. On the fourth (4) and subsequent tardies, the following will occur:

4 tardies	30 minute detention
5 tardies	45 minute detention
6 tardies	½ day in school suspension, parent notification
7, 8, 9 tardies	60 minute detention for each tardy, parent notification
10, 11, 12, 13, 14 tardies	1 day in school suspension for each tardy, parent notification
15+	2 days in school suspension for each tardy & contract for continued attendance

This is per semester. Detentions will be served in the main office.

Absences

Two types of absences will be used for students who miss school.

Excused Absences

An excused absence is one that is caused by:

- illness,
- death in the immediate family,
- appointments (including doctor & dental), etc.

This type of absence is considered excused when a parent/guardian calls the high school office or a written excuse is brought to the office upon return.

Unexcused Absences

Being absent from a class or from school:

- without permission or parental knowledge is an unexcused absence and considered truancy. Truancy is against the School Laws of Montana (MCA 20-5-106). Truancy is a serious offense and may result in detention, suspension, or recommendation for expulsion. The severity of the discipline will depend on frequency and the severity of the offense. Students may not make up work missed if the absence is unexcused.

Absence Policy

Class attendance and participation are required for successful course completion. Important information and the sharing of experiences and opinions are missed when a class is missed. Attendance is imperative to students to receive the most from their education. The following attendance policy is intended to stress to parents/guardians and students the importance of class attendance and to provide for greater student accountability. Regular attendance is important because valuable skills and information are gained during class discussions and not just from tests or assignments. Students may have up to ten (10) absences per semester in a class before receiving academic penalties.

Exceptions to the absences rules are as follows:

1. Participation in co-curricular or extra-curricular activities
2. Bereavement/Funeral absences
3. Major Medical/other Emergencies if approved by the principal
4. Educational Absences – juniors and seniors are allowed three (3) days of college visitation per year. Students must provide documentation from the college upon return to school verifying their educational visit so this absence is not included in the ten absences per semester allowed.

Upon the eighth (8th) absence in a class, a copy of the policy will be sent home for parents to review. The student and his/her parent/guardian will again be notified upon the tenth (10th) absence.

A student who misses a class for the eleventh, twelfth, thirteenth, and fourteenth time during the semester will have his/her semester grade reduced two (2) percentage points for each absence.

If the student misses a class for the fifteenth time, he/she may be required to appear before the board to determine if credit will be given. The reasons for absences will be reviewed since a family emergency, extensive illness, and preapproved events, may be exceptions.

Student Attendance Review Committee

Students who turn 18 while still in high school are under the supervision and responsibility of their parents or legal guardians. To provide students their Due Process Rights, the parent/guardian and/or student may address the principal and classroom teacher in an appeal process to be held within five (5) school days following notification of the 11th absences in a class. The right to protest the grade reduction will be waived if the parents/guardians and/or student do not appeal within the time limit.

School Related Absences

When a student is aware that he/she will be missing school for a school related activity, it is his/her responsibility to find out what assignments will be missed in each class. Assignments that are given when the student is attending a school related activity will be due one day after the student returns or on the due date if it is due after the day of return. Students will be allowed to hand in assignments upon return when they are at a school activity. The only exception is a long term assignment, project, or paper. In the event of a project or paper with a specific due date, the assignment is due on or before the due date and may not be turned in upon return. If a test is given while the student is absent, the student must make up the test on the day of return. Students may not use their being absent as an excuse not to turn in an assignment on the date it is due. Teachers may allow for extended time to complete make-up work.

Non-School Related Absences

If a student knows in advance that he/she will be absent from school for a non-school related activity he/she has the responsibility to find out what material or assignments will be missed. Students returning to school after a non-school related absence must bring a written excuse from his/her parent/guardian that is dated and signed. Students are expected to complete all make-up assignments within three (3) days after returning from a one day absence. (Extended consecutive days absences, students will be allowed more time to make up work.) Teachers may allow for extended time to complete make-up work. In the event of a long-term project or paper with a specific due date, the assignment is due on or before the due date and may not be turned in upon return. (The long-term project or paper may be turned in at a later date only at the discretion of the teacher when previous arrangements are agreed upon.)

Confidentiality of Records

The Family Educational Right and Privacy Act was enacted by Congress in 1974 to provide privacy protection of the student and his/her family. Joliet School District #7 adheres to the procedures mandated by this Act and will only release information under the following conditions:

- ✓ Through "Directory Information" such as name, address, and date of birth, which will be released under certain conditions such as graduation lists, colleges, etc.
- ✓ By judicial order or subpoena.
- ✓ When an emergency exists and the release of information is necessary to protect the health and safety of the student or other persons.

Library Guidelines

The library is a place for research, reading, and browsing. Study hall students and students taking Montana Digital Academy courses may use the library with permission. Rules governing checking out books, fines, etc. will be made by the librarian. Misuse of library privileges will result in appropriate restriction from the facility.

Guidance Program

The purpose of the guidance program is to help each student achieve his/her highest growth mentally, emotionally, and socially. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study helps, help with home, school and/or social concerns, or any question the student may feel he/she would like to discuss with the counselor. Scholarships are listed on the webpage and discussed with parents at the fall parent meeting, and a minimum of three times a year with the seniors. Assistance in locating scholarships will be provided when students meet with the counselor. Students wishing to visit the counselor should arrange for an appointment.

Schedule Changes

Any student who wishes to drop a class may do so only during the first five school days of each semester with parent/guardian permission. The administration and/or guidance counselor may deviate from the timeline in cases of learning needs that would require a change of placement to a classroom that delivers special services (Special Education or Title 1).

Withdrawal from School

Students who withdraw from Joliet School during the school year must present a written request for withdrawal from their parent/guardian and secure the appropriate forms from the office. The checkout sheet must be signed by each of the student's teachers indicating all textbooks and school issued property has been returned, and all outstanding fees have been paid. The forms must then be taken to the office for final approval.

Student Aide Positions

Student aides may enroll in one aide position/period per semester. The guidance counselor will set up aide positions at registration. It is recommended that only upperclassmen (juniors and seniors) be allowed aide positions. All aides must be approved by the high school principal. Student aides will receive a P (pass) and earn ¼ credit per semester, or F (Fail) and receive no credit. Aides must wear their pass during their aide period.

Text Books

All basic texts are loaned to students for their use during the school year. Textbooks are to be kept clean and handled carefully. The student's name and grade should be written on the book label in case the book is misplaced. The student will be required to pay full replacement costs for lost or damaged books. The replacement cost will be determined by the teacher in checking with the used textbook companies such as Follett or Budget Text. Parents can replace it by using other companies if they purchase the identical book.

Student Visitors

Student visitors are not allowed at Joliet High School. The presence of visitors is a distraction to our students and detracts from the learning time in our classrooms.

Educational Programs

RTI

The Response to Intervention is the District intervening to help the students achieve success in the regular education classrooms. This is available to all students in need of academic support.

Title I

The District provides Title I replacement classes in English and math to assist students in reaching higher levels of achievement, classroom instruction, and building leadership as determined by state and national standards. We commit ourselves to develop a comprehensive system of support to assure these outcomes. Students are selected through a referral process and offered these options.

Special Education

The District will provide a free appropriate public education and necessary related services to all children with disabilities residing within the District, as required under the Individuals with Disabilities Education Act (IDEA), provisions of Montana law, and the Americans with Disabilities Act.

For students eligible for services under IDEA, the District will follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities, as provided in the current

Montana State Plan under Part B of IDEA.

The District may maintain membership in one or more cooperative associations which may assist in fulfilling the District's obligations to its disabled students.

Honors Classes

The District has provided honors English for students at the junior and senior levels, and honors biology at the sophomore level.

Education of Homeless Children

Every child of a homeless individual and every homeless child are entitled to equal access to the same free, appropriate public education as provided to children with permanent housing. The District must assign and admit a child who is homeless to a District school regardless of residence and irrespective of whether the homeless child is able to produce records normally required for enrollment. The District may not require an out-of-District attendance agreement and tuition for a homeless child.

Should a child become homeless over the course of the school year, the child must be able to remain at the school of origin, or be eligible to attend another school in the district.

The Superintendent will review and revise as necessary rules or procedures that may be barriers to enrollment of homeless children and youths. In reviewing and revising such procedures, the Superintendent will consider issues of transportation, immunization, residence, birth certificates, school records, and other documentation.

Homeless students will have access to services comparable to those offered to other students, including but not limited to:

1. Transportation services;
2. Educational services for which a student meets eligibility criteria (e.g., Title I);
3. Educational programs for children with disabilities and limited English proficiency;
4. Programs in vocational and technical education;
5. Programs for gifted and talented students; and
6. School nutrition program.

The Superintendent will give special attention to ensuring the enrollment and attendance of homeless children and youths not currently attending school. The Superintendent will appoint a liaison for homeless children.

A "homeless individual" is defined as provided in the McKinney Homeless Assistance Act.

Anyone having a concern or complaint regarding placement or education of a homeless child will first present it orally and informally to the District homeless liaison. Thereafter, a written complaint must be filed in accordance with the District Uniform Complaint Procedure.

Admittance of child to school

II. BEHAVIOR EXPECTATIONS AND POLICIES

State Law

Students of Joliet Schools are subject to the provisions of Section 20-5-201, School Laws of Montana which states:

A pupil shall:

- (a) comply with the policies of the trustees and the rules and regulations of the school that the pupil attends;
- (b) pursue the required course of instruction;
- (c) submit to the authority of the teachers, principal and district superintendent of the district; and
- (d) be subject to the control and authority of the teachers, principal, and district superintendent while the pupil is in school or on school premises, on the way to and from school, or during intermission or recess.

Student Responsibility

Since the constitution and law safeguards the student's right, each student has the responsibility to protect his/her own and others' rights to an undisturbed education. All students shall be expected to follow the rules and regulations of the Board of Trustees and the school administration. Students shall be required to observe the customary rules of courtesy and respect that contribute to good order as established by the acceptable standards of the school and community. The superintendent of schools and the school principal shall be authorized to use their own judgment in regard to what is to be interpreted as contributing to good order.

Parent/Guardian Responsibility

Discipline is the primary responsibility of the parents/guardians. The behavior of students attending school shall reflect standards of good citizenship demanded by members of a democratic society. It is the parent/guardian's obligation by teaching and example to develop in the student good behavior habits, as well as proper attitudes toward school. The Board hopes that parents/guardians will work with the school to bring about changes in the behavior of students who violate the standards of acceptable school conduct.

School Responsibility

It is the school's responsibility to provide experiences that will enable the student to function as a good citizen. Policies and measures of discipline shall be employed to establish a favorable learning environment free from distractions and misbehavior. Furthermore, there shall be communication among administrators and faculty members toward the goal of a consistent discipline policy. Discipline plans, consequences, and classroom management plans can be modified as deemed necessary. Administrators, teachers, and others connected with the schools shall provide positive models of good community interaction and discipline that are observable as good examples for students to follow.

Forms of Discipline

Detention

Students with undesirable patterns of attendance, tardiness, or other disciplinary problems may be assigned detention by the administration or by any member of the faculty. The procedure will be as follows:

- ✓ The teacher will fill out a discipline report on Infinite Campus where the parent will be notified.

- ✓ The student should have sufficient materials and books to study for the detention period and will cooperate with the detention supervisor.
- ✓ The teacher issuing a detention may assign the detention at a specific time and place. No student will be excused from detention to participate in any school practice or activity, to go to work, or ride the bus. If a student fails to show up for the assigned detention, the detention time will be doubled and re-assigned. If the student fails to show up for the second time the student will be assigned one (1) day in or out-of-school suspension with credit by the principal.

Saturday School

Saturday School may be used as a disciplinary means when students have behavioral problems, excessive tardies, or are in need of additional academic help to remain eligible or successfully complete their classes. A full day of Saturday School will be from 9:00 a.m. to 3:00 p.m. Students are responsible to have work to do during the assigned time. Assigned Saturday School takes precedence over all school activities and student jobs. Failure to attend Saturday School will result in a one (1) day in school suspension, with credit on the following Tuesday.

Suspension

In accordance with Montana law, the principal is authorized to suspend a student from regular school attendance when deemed necessary to maintain good order and discipline and to protect the educational rights of all students. Three types of suspensions may be used:

In-School-Suspension: ISS may be used as a consequence for excessive tardies. ISS will be used if the offense warrants a short term removal from a class.

Out-Of-School Suspension-With Credit: The student is removed from class and serves the suspension in the office until a parent/guardian is contacted.

The student will then be sent home to complete their suspension. Students are not allowed on school property or to attend school activities until they return to school following their suspension. Teachers will provide the student with assignments that will be missed. Credit is given for completed assignments.

Out-Of-School Suspension-Without Credit: The student is not allowed on school property and may not attend school activities until they return to school following their suspension. Credit will not be given for work missed while suspended from school, although students are encouraged to complete assignments so as not to fall behind. A student may receive OSS until the School Board meets to determine final action.

When a student has been given an out-of-school suspension they are not allowed on the school grounds for the entire day, including after school or evening activities or practices. If the administration allows the student to serve the suspension in school, he/she will not be allowed to attend after school or evening activities or practices.

Expulsion

Only the Board of Trustees may expel a student from school. If the violation of school regulations is of a serious enough nature, the parents/guardians will be notified and the student will be suspended from school until the next school board meeting. During this time the parents/guardians may request a hearing

with the principal and superintendent. If the student is not reinstated after the hearing, the principal and superintendent may recommend to the Board of Trustees that the student be expelled. The parents/guardians will be sent a letter stating the reasons for the expulsion and giving them the right to request a hearing at the next meeting of the Board of Trustees. At that meeting the Board of Trustees will take action on the recommendation of the principal and the superintendent.

Discipline Procedure

To protect the rights of students, teachers and administration, the following steps are recommended.

1. Teachers will handle discipline problems that occur in their classroom, on school property, or at school sponsored activities if possible. The teacher may assign discipline according to the discipline chart.
2. If the discipline problem cannot be resolved, the student will be referred to the principal. The student will be allowed to return to class only when student, principal, and teacher verbally agree on the nature of the problem and agree on acceptable future behavior.

Classroom/School Discipline Levels

In order to better inform parents/guardians of students who are disciplined, Joliet High School has developed and adopted a Five Level System Discipline Grid. Students, staff, and parent/guardians can see the disciplinary record of a student.

Disciplinary consequences will follow the grid scale at the appropriate level of the infraction. Level 1 infractions will result in progressive level 1 consequences, Level 2 infractions will result in progressive Level 2 consequences, etc. Once the student has reached the maximum consequence at that level of the grid, all additional infractions will be dealt with at the maximum consequence.

Joliet High School has discipline guidelines with five (5) levels.

1. **Level I** – are minor infractions that affect the daily educational processes. Level I infractions alone cannot be grounds for expulsion. Individual teachers will determine some of the rules and guidelines for conduct in their own classroom. These rules will be explained to students during their first day. The teacher will also explain the consequences if the rules are violated.
2. **Level II** – are deemed more serious in nature resulting in increasing disruption to the educational processes. Level II infractions alone or in combination with Level I cannot be grounds for expulsion, but may be subject to long-term suspension.

Level I and Level II seek to create a situation where the student, especially one with a chronic behavior problem, can be isolated from the rest of the students, counseled, and given an opportunity to consider his/her behavior and how he/she can change that behavior.

3. **Level III** – are those offenses that are more aggressive or threatening in nature and cause concern for the safety of self, students, and staff. After a hearing with the principal, consequences will be out-of-school suspension for not more than 5 days. **When the student finishes an out-of-school suspension of three days or longer, his/her parents/guardians will be asked to bring the student back to school for a conference with the administrator and teacher in charge of the disciplinary action.** The goal of this meeting is to provide the student and his/her parents/guardians with an opportunity to jointly develop a course of action to improve the student's behavior and educational experiences. A fourth infraction at Level III will result in long-term suspension and may result in a recommendation for expulsion to the school board.
4. **Level IV** – are those offenses that are malicious and defiant in nature where there is an immediate concern for the safety or welfare of self, students, staff, and property. Level IV offenses will result in out-of-school suspension no less than 5 days. **When the student finishes his/her out-of-school suspension, his/her parents/guardians will be asked to bring the student back to school for a conference with the administrator and teacher in charge of the disciplinary action.** The goal of this meeting is to provide the student and his/her parents/guardians with an

explanation of the seriousness of the offense and an understanding that a second Level IV offense will result in long-term suspension and may result in a recommendation for expulsion to the school board.

- Level V** – are extreme and unacceptable offenses resulting in immediate suspension until an expulsion hearing before the school board. “Expulsion” is the exclusion of a student from school by action of the Board of Trustees for not less than the rest of the semester for which the student is presently enrolled and for not more than one complete academic year after that semester. If a student is expelled during a semester, the student will not receive credit for that semester.

If an offense is deemed serious enough by the administration, a recommendation for long-term suspension and/or expulsion may be made regardless of the accumulative points of a student if the offense(s) seriously endangers or threatens students, staff, or others, or creates serious disruption to the orderly function of the school.

The following discipline grid outlines behaviors and consequences:

The Joliet School reserves the right to determine variances in the discipline consequences.

The following are examples of behaviors that are of sufficient seriousness to warrant out-of- school suspension. (Listed on the previous chart)

- ✓ **Vandalism** - Students who maliciously destroy or deface school property or the property of another student or a staff member.
- ✓ **Defiance of Authority** - Open defiance to school personnel. This includes using obscene gestures and/or language, or refusing to follow the directive of a staff member.
- ✓ **Physical Aggression** - When a punch or kick is thrown with the intent to do harm. May include physical or verbal intimidation and/or posturing.
- ✓ **Possession of illegal substances** - Possession of weapons, tobacco, or alcohol in the building, on school grounds, or at any school sanctioned activity.
- ✓ **Use of Profanity**- Includes obscene gestures.
- ✓ **Hazing or Harassment** - Includes sexual harassment, intimidation and initiation activities.
- ✓ **Theft** – If an incident of theft occurs and the item(s) value is under \$10.00, the student must replace the item or pay the valued amount, make restitution with a written and verbal apology, and serve 2 (two) hours of school service. If the stolen item(s) are valued over \$10.00 the consequences will be at the discretion of the administration.
- ✓ **Violation of School Safety** – Any action that endangers students or staff safety will result in discipline to include out-of-school suspension as determined by the principal.

Student Information and Expectations

Public Display of Affection (PDA)

The inappropriate public display of affection can be embarrassing to adults as well as students. PDA shall not take place on Joliet School campus during school hours, practice hours, or at school activities. Couples must conduct themselves properly at all times so that an appropriate school atmosphere can be maintained.

Dress Code

Students must come to school clean, neat, and suitably dressed. Students shall be permitted to dress and appear in a fashion that is acceptable and which does not interfere with the student's health and welfare or that of other students and which does not cause disruption or interfere with the educational environment or the educational process.

- ✓ Students are not to wear clothing that may create material or substantial disruption of the educational process, be destructive to persons or property, represent or encourage gang activity, advertise or encourage bullying, alcoholic beverages or tobacco products, contain sexual connotations, contain spikes or chains, exhibit offensive or suggestive language or graphics, or are considered offensively revealing or distasteful.
- ✓ Headgear in the school building is prohibited. (caps, head covers, bandanas, sunglasses, etc.) Headbands may be worn in school as long as they are no wider than three inches. If a staff/faculty member is suspicious of a student wearing a headband in affiliation with a gang, then the student can be directed to remove it immediately. If this provision is abused, the provision will be removed from the handbook.
- ✓ Undergarments and shoes are required; however, undergarments should be fully covered including bra straps and waistbands and tops of "boxers." At no time should undergarments be showing through holes or tears in jeans/shirts or below the length of a skirt/shoes, etc.
- ✓ Bare midriff and see-through and backless garments are not appropriate nor are tops tied together by strings across the back or around the neck such as the bandana or halter tied tops. "Muscle Shirts" (for either boys or girls), tube tops, tops with straps that do not cover the bra strap are not appropriate, as in "spaghetti straps". Tank tops are acceptable if the depth of the armhole does not reveal undergarments or allow the chest and back to be visible through the armhole. Shorts/skirts should not be shorter than three inches above the knee.
- ✓ Sports uniforms are not school dress; therefore are not dictated by the dress code. This will be addressed in the Athletic /Coaches Handbook.

The administration reserves the right to define what is excessive or disruptive to the educational environment and to require the student to change clothes or face disciplinary action.

Insubordination

The refusal to follow a reasonable directive of a teacher or administrator will be considered insubordination and may result in immediate disciplinary action. Disrespectful behavior towards teachers or other adults in the school is considered insubordination. The directive of a teacher or administrator shall be presumed reasonable and therefore, the burden of proving the directive unreasonable will be upon the student.

Cheating, Plagiarism, and Dishonest Behavior

Whenever a student is suspected of cheating or plagiarism the teacher shall collect the student's paper and have the student meet with the teacher after class to further investigate the matter. If after the investigation the teacher still feels the student was cheating, the teacher will mark a zero for the work and notify the parent/guardian and office immediately. The principal will assign a one day in school suspension with credit. Parents/guardians will be informed that a second offense of plagiarism or cheating will result in a one day in school suspension without credit assigned by the principal. Should any further incidences of this type occur within the school year, the student will be suspended and required to appear before the Board of Trustees. Students who allow others to copy their work are part of this dishonest behavior and should have the same consequences.

Fighting

Immediate disciplinary action will be taken against individuals who participate in a fight or encourage it in any way. A student who assaults or batters another student or staff member while under the supervision of the school may be recommended for expulsion and may face criminal prosecution.

Vandalism and Property Damage

Students who destroy or vandalize school property will be required to pay for losses or damages. If a student willfully destroys school property, suspension and subsequent expulsion may be necessary. MCA. 40-6-237 will be followed as a result of willful destruction of property. If a student should happen to damage something by accident, it should be reported to a teacher or the office immediately.

Respect for Property

Students are to refrain from marking desks, tables, walls, etc. Students who mark, deface, or damage school property will be expected to pay for the damages as well as accept possible consequence.. Students are not to sit on desks or tables or write in magazines. Eating sunflower seeds or similar items is not allowed in the school during school hours. Students may have pop and/or candy in the classroom for teacher approved special occasions only.

Cell Phones, Cameras, Etc.

In order to maintain an educational environment free from distractions, students cannot use cell phones, MP3 players, iPods, headphones, or other electronic devices in the school building from 8:15 a.m. and 3:35 p.m. Students are allowed to use these devices during the high school lunch time in the gym lobby. (The only exceptions to use during the school day are students who are in the volunteer fire department or ambulance crew.) If a student is observed using any of these items while in the school from 8:15 a.m. and 3:35 p.m. the item will be confiscated until picked up by a parent. Cell phones, MP3 players, iPods, headphones, or other electronic devices are to be turned off during the school day from 8:15 a.m. until 3:35 p.m. A second offense will result in the item being kept in the office for one week. Further violations of this rule may result in suspension from school until a School Board hearing occurs. The Board will decide any additional discipline with expulsion from school as an option.

Abuse of Teachers or Staff

Any parent, guardian, or other person who shall insult or abuse a teacher or staff anywhere on the school grounds or school premises shall be deemed guilty of a misdemeanor and upon conviction of such misdemeanor by a court of competent jurisdiction, shall be fined no less than \$25 or more than \$500. (MCA 20-40303)

Tobacco, Alcohol, Guns, Knives and Illegal Drugs

The possession, selling or use of illegal drugs, any tobacco substance, (including e-cigarettes used for vaping) guns, knives, or alcohol shall be strictly prohibited. *Note: prescription pills, not prescribed to the student carrying them, are considered "illegal" by Joliet District definition.*

Any student who intentionally sells, gives, possesses, uses, or is under the influence of illicit drugs or narcotics will have the following consequences:

- ✓ Law enforcement will be called to come in to the school at once.
- ✓ Five day suspension from school without credit will be issued. Parents will be contacted and required to come in to the school. A letter stating the agreement reached shall be mailed to the parent/guardian.

Students who are found to be under the influence of, or in possession of, alcohol or tobacco, on school property, including buses, or at school sponsored activities, will have the following consequences:

- ✓ Two day out of school suspension with credit. A meeting of parent/guardians, and law enforcement. A letter will be mailed to parent/guardian with agreement reached.
- ✓ Possible participation in a chemical dependent rehabilitative program may be required.
- ✓ Possible referral to Board for expulsion. For violation of any or all parts of this policy, a student may expect to have his/her case turned over to the proper authorities and to be suspended and/or expelled from school. Past student action and records may be brought into the case.

Gun-Free Schools

The Board will expel any student who uses, possesses, controls, or transfers a firearm or any object that can reasonably be considered or looks like a firearm, for a definite period of time of at least one (1) calendar year. The Board may modify an expulsion period on a case-by-case basis. The building administrator will notify the criminal justice or juvenile delinquency system of any student who brings a firearm to school.

For purposes of this section a “firearm” means any device as defined in 18 U.S.C. 921.

“Firearm” also includes any object, device or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including but not limited to air guns, pellet guns, BB guns, fake (facsimile) weapons, all knives, blades, clubs, metal knuckles, numchucks, explosives, fireworks, mace or other propellants; stun guns, ammunition, poisons, chains, arrows, and objects that have been modified to serve as a weapon.

In addition, this policy shall apply to any object brought to school with the expressed purpose of being used to threaten or cause bodily injury. If a student violating this policy is identified as a child with disabilities either under the IDEA or Section 504, lawful procedures for changes in placement must be followed for suspensions of greater than ten days. Any student subject to expulsion shall be entitled to a hearing before the Board of Trustees in accordance with Section 20-5-202, MCA. Nothing in this policy shall prevent the Board of Trustees from making an alternative placement for a student in lieu of expulsion, provided that such placement removes the student from the regular school program. The district shall keep a record of all students disciplined under this policy and the circumstances surrounding their discipline, including the number of students expelled and the types of weapons involved. This information shall be provided to local law enforcement authorities and other governmental agencies as required by law.

Serious threats of assault or bringing a weapon to school will result in notifying law enforcement, a ten day out-of-school suspension, and counseling or psychiatric evaluation required before possible return to the regular school environment.

This policy does not apply to law enforcement personnel.

Video Surveillance

The Board authorizes the use of video cameras on district property to ensure the health, welfare, and safety of all staff, students, and visitors to district property, and to safeguard district facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

The district shall notify staff and students through student/parent/guardian and staff handbooks that video surveillance may occur on District property.

Students or staff in violation of Board policies, administrative regulations, building rules, or law, shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies.

Video recordings may become a part of a student's educational record or a staff member's personal record. The District shall comply with all applicable state and federal laws related to record maintenance and retention. Audio shall be part of the video recordings made, reviewed, or stored by the District. This includes bus recordings.

Canine Searches

The Joliet School Board has authorized the school district administrators to conduct random searches of school property, equipment lockers, desks, and parking lots for illegal substances, paraphernalia, and dangerous materials by canines. A search of individuals and their immediate belongings, i.e. purses, wallets, backpacks, etc. will only be done when there is reasonable suspicion. If a canine alerts (hits) on an object or vehicle but no actual evidence is found, both the student and the parent/guardian will be informed but not disciplined.

Search and Seizure

The student lockers in the school are owned by the school and therefore can be searched for any reason at any time. School officials have the right to search students under their jurisdiction and/or students' backpacks and coats when there are reasonable grounds for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school.

Due Process

In the event that law enforcement is involved in an incident at school, each student is afforded the right to due process. This is for behaviors and consequences not covered elsewhere in the handbook or in the discipline grid, and is extremely serious in nature.

1. Student will be informed regarding his/her right to have someone represent his/her interest in the early stages of investigation.

Title IX

Title IX is a federal Law that prohibits sex discrimination in education. Title IX does not apply to female students only. Female, male, and gender non-conforming students, faculty and staff are protected from any sex-based discrimination, harassment or violence.

Bullying/Harassment/Hazing/Sexual Harassment/Intimidation Policy

The Joliet School will strive to provide a positive and productive learning and working environment. Bullying, harassment, intimidation, or hazing, by students, staff, or other third parties is strictly prohibited and shall not be tolerated. (Third parties include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, or others involved in school programs or activities.)

“Hazing” includes, but is not limited to, any act that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or as a condition or precondition of attaining membership in or affiliation with any school-sponsored activity or grade-level attainment, including, but not limited to, forced consumption of any drink, alcoholic beverage, drug, or controlled substance, forced exposure to the elements, forced prolonged exclusion from social contact, sleep deprivation, or any other forced activity that could adversely affect the mental or physical health or safety of a student; requires, encourages, authorizes, or permits another to be subject to wearing or carrying any obscene or physically burdensome article, assignment of pranks to be performed, or other such activities intended to degrade or humiliate.

“Harassment, intimidation, or bullying” means any act that substantially interferes with a student’s educational benefits, opportunities, or performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation, or at any official school bus stop, and that has the effect of:

- a. Physically harming a student or damaging a student’s property;
- b. Knowingly placing a student in reasonable fear of physical harm to the student or damage to the student’s property;
- c. Creating a hostile educational environment.

Consequences

Students whose behavior is found to be in violation of this policy will be subject to discipline up to and including expulsion. Upon the fourth formal complaint, a student will be suspended until the School Board meets to determine if the student will be expelled from the school. Individuals may also be referred to social services or to law enforcement officials.

These offenses will be cumulative for the years from grade 7 through 12. Any or all of the above consequences may be superseded, depending on the severity of the offense.

Retaliation and Reprisal

Retaliation is prohibited against any person who reports or is thought to have reported a violation, files a complaint, or otherwise participates in an investigation or inquiry. Such retaliation shall be considered a serious violation of the policy, whether or not a complaint is substantiated. False charges shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions.

The Joliet School District is committed to a positive and productive learning environment free of discrimination. Discrimination adversely affects morale and interferes with students’ ability to work and learn. The District prohibits sexual harassment or intimidation of its students, whether committed by a supervisor, subordinate, volunteer or student and finds such behavior just cause for disciplinary action. Whereas sexual harassment substantially compromises the attainment of educational excellence, the District will not tolerate such behavior between members of the same or opposite sex.

The District prohibits retaliation against any student because he or she has made a report of alleged sexual harassment, or a student who testified, assisted, or participated in the investigation of a report. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or adverse pressure. Retaliation is itself a violation of federal and state regulations prohibiting discrimination and will lead to disciplinary action against the offender.

This policy applies to individuals attending any event on District property, whether or not District sponsored, and to any school sponsored events, regardless of location.

Reporting Harassment or Intimidation

Students who believe that they may have been, or feel they are being harassed or intimidated should take the following steps:

- ✓ Inform the individual that his/her behavior is unwelcome, offensive or inappropriate. It should not be assumed that the problem will go away.
- ✓ The counselor, principal, or Title IX coordinator should be notified right away. Early reporting assists in any investigation.
- ✓ A copy of the districts sexual harassment policy should be requested.
- ✓ Notes should be kept. A record of dates, times, places, witnesses and descriptions of each incident is helpful during the investigation.
- ✓ In cases of any degree of sexual assault or serious physical assault, law enforcement or social services will be contacted. At this time, the investigation will be done by these experts.

Complainants are permitted and encouraged to have a friend or advisor present with them for moral support during any state of the investigation of the report. All students have a responsibility to maintain a positive learning environment by reporting all incidents or rumors of harassment or intimidation involving themselves or others. Students are encouraged to use the reporting procedure set forth in this policy.

Confidentiality

A report of sexual harassment or intimidation, and the investigation are to be kept in strictest confidentiality for the protection of all parties involved. The District has a compelling interest to provide educational programs in an environment free from sexual discrimination. Therefore, the District's obligation to investigate and take corrective action may supersede an individual's right to privacy.

Consequences

When an individual is found to be in violation of the District's Harassment Policy, the following disciplinary measures will be followed. Any step of discipline may be superseded, depending on the severity of the violation. (These consequences are also outlined in the discipline grid in the handbook.)

- Step #1** The individual will be made aware of the violation and will have the district policy verbally explained by the Title IX coordinator. Parents/guardians will be contacted by a phone call and certified letter. The student(s) will write a paper explaining why they committed the violation and why it is wrong. The student will serve a minimum of two (2) hours school service and one day out of school suspension.
- Step #2** School officials will notify parents by phone and meet with the parents/guardian to discuss the violation and corrective measures to cease further violations. A formal letter-documentation will be signed by parent and administration at the meeting. The student will serve a minimum of six (6) hours school service and two days out of school suspension.
- Step #3** The individual will be suspended from Joliet Schools for a period of three (3) scheduled school days.

Step #4 The individual will be suspended from Joliet Schools until a formal meeting of the School Board can take place. The recommendation of school officials may be permanent expulsion from Joliet Schools.

Title IX Grievance Procedure

Basic procedural rights are applicable to all levels of the grievance process.

1. Each party shall have the right to representation, to present witnesses and evidence, and to question opposing witnesses.
2. The designated coordinator may not have a direct interest in the outcome of the grievance and must remain impartial. Relevant agencies/institutional records shall be available to all parties subject to requirements and clarifications in Guidelines for Student Records, Office of Public Instruction, September 1984.
3. Intimidation or retaliation of any kind is prohibited by law.
4. Prior to a contested case hearing (under the Rules of School Controversy) the rights of the grievant's confidentiality in proceedings and records shall be respected. (ARM 10.6101 et seq. Also see Ridgeway settlement agreement, Page 29).
5. This procedure does not deny the rights of the grievant to file formal complaints with other state and federal agencies or to seek private counsel for complaints alleging discrimination.
6. All records pursuant to the grievance shall be maintained by the Title IX coordinator of the school district, separate and apart from student and personnel records for a period of not less than five years.

Uniform Complaint Procedure-Levels of the Grievance Process

The Board establishes this Uniform Complaint Procedure as a means to address complaints arising within the District. This Uniform Complaint Procedure is intended to be used for all complaints except those governed by a collective bargaining agreement.

The District requests all individuals to use this complaint procedure, when the individual believes the Board or its employees or agents have violated the individual's rights under: (1) Montana constitutional, statutory, or administrative law; (2) United States constitutional, statutory, or regulatory law; or (3) Board policy.

The District will endeavor to respond to and resolve complaints without resorting to this formal complaint procedure and, when a complaint is filed, to address the complaint promptly and equitably.

The Superintendent has the authority to contract with an independent investigator at any time during the complaint procedure process. Within fifteen (15) business days of the Superintendent's receipt of the independent investigator's report and recommendation, the Superintendent will respond to the complaint and take such administrative steps as the Superintendent deems appropriate and necessary.

Level 1: Informal

An individual with a complaint is first encouraged to discuss it with:

- a) the appropriate teacher, counselor, or instructor

The complainant should enter the conversation with the objective of resolving the matter promptly and informally. An exception is that a complaint of sexual harassment should be discussed with an administrator who is not directly involved in the alleged harassment.

If the complainant does not feel that the matter has resolution, the individual should then discuss the matter with:

- b) the building principal.

*He or she is responsible for managing the major administrative tasks and supervising all students and teachers of that wing of the school (elementary, middle school or high school).

Level 2: Building Principal

When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and dated written complaint to the building principal stating: (1) the nature of the complaint; (2) a description of the event or incident giving rise to the complaint, including any school personnel involved; and (3) the remedy or resolution requested. This written complaint must be filed within fifteen (15) business days of

the event.

When a complaint alleges a violation of Board policy or procedure, the building principal will investigate and attempt to resolve the complaint. The building principal will respond in writing to the complaint within thirty (30) business days of the building principal's receipt of the complaint.

Level 3: Superintendent

If either the complainant or the person against whom the complaint is filed appeals the administrator's decision provided for in Level 2, the complainant must appeal in writing to the Superintendent within five (5) business days. The Superintendent will review the complaint and the administrator's decision. The Board authorizes and directs the Superintendent to evaluate and determine within thirty (30) business days of receipt of a written complaint the following issues: (a) the timeliness of the complaint, and (b) the governing policy implicated in the complaint.

The Superintendent may consult with District legal counsel on these issues. Upon completion of this review, the Superintendent will (a) address the complaint or refer it to the appropriate administrator pursuant to applicable policy or (b) dismiss the complaint. The Superintendent may investigate the complaint him or herself, and may engage outside assistance from legal counsel and/or an independent investigator.

The Superintendent may dismiss any complaint if (a) the complainant lacks merit, (b) the complaint is time-barred, or (c) no District policy is implicated. The Superintendent will notify the complainant in writing of the Superintendent's decision to dismiss the complaint and the specific reason for the dismissal.

The complainant may request in writing that the Board of Trustees consider an appeal of the Superintendent's decision to dismiss the complaint. This request must be submitted in writing to the Board Chairman within five (5) business days of the Superintendent's written notice of dismissal. If timely requested, the Trustees will consider the complainant's appeal of the Superintendent's decision to dismiss the complaint.

The Board of Trustees will either affirm the Superintendent's decision to dismiss or reverse the Superintendent's decision to dismiss and remand the complaint for further action by the Superintendent. The Board officers' decision concerning the Superintendent's dismissal of the complaint is final.

Level 4: Complaints against Superintendent or Clerk

If a complaint is submitted alleging a violation of District policy by the Superintendent or the Clerk, the Board holds jurisdiction over the complaint as the supervisor of the Superintendent and the Clerk. The Board will respond to the complaint. In doing so, the Board may refer the matter to a panel of not less than three Trustees to review the complaint and make a recommendation to the Board.

The Board or its panel may (a) meet with the parties involved with the complaint, (b) conduct a separate or supplementary investigation, (c) engage an outside investigator or other District employees to assist with the complaint, or (d) take other steps appropriate or helpful in addressing the complaint. The Board will respond in writing to the complainant within thirty (30) business days of the Board's receipt of the complaint. The Board may extend its response deadline if conditions warrant additional time to respond. The Board's response to a complaint against the Superintendent or the Clerk is final, unless Montana law specifically provides for an appeal and such an appeal is taken within the period provided by law.

Sexual Harassment or Title IX Violation

When a complaint alleges sexual harassment or a violation of Title IX of the Education Amendments of 1972 (the Civil Rights Act), Title II of the Americans with Disabilities Act of 1990, or Section 504 of the Rehabilitation Act of 1973, the building principal may turn the complaint over to a District nondiscrimination coordinator. The coordinator will complete an investigation and file a report and recommendation with the Superintendent. A coordinator may hire, with the approval of the Superintendent, an independent investigator to conduct the investigation. Within fifteen (15) business days of the Superintendent's receipt of the coordinator's or independent investigator's report and recommendation, the Superintendent will respond to the complaint and take such administrative steps as the Superintendent deems appropriate and necessary. If either the complainant or the person against whom the complaint is filed is dissatisfied with the Superintendent's decision, either may request, in writing, that the Board consider an appeal of the Superintendent's decision. This request must be submitted in writing to the Superintendent, within fifteen (15) business days of the Superintendent's written response to the complaint, for transmission to the Board.

Management of Sports Related Concussions (MTSBA 3415R)

The Joliet School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The Board acknowledges the risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed. Therefore, all K-12 competitive sport athletic activities in the District will be identified by the administration.

Consistent with guidelines provided by the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, the National Federation of High School (NFHS) and the Montana High School Association (MHSA), the District will utilize procedures developed by the MHSA and other pertinent information to inform and educate coaches, athletic trainers, officials, youth athletes, and their parents and/or guardians of the nature and risk of concussions or head injuries, including the dangers associated with continuing to play after a concussion or head injury. Resources are available on the Montana High School Association Sports Medicine page at www.mhsa.org; U.S. Department of Health and Human Services page at : www.hhs.gov; and: the Centers for Disease and Prevention page at www.cdc.gov/concussion/sports_index.html.

Annually, the district will distribute a head injury and concussion information and sign-off sheet to all parents and guardians of student –athletes in competitive sport activities prior to the student-athlete’s initial practice or competition.

All coaches, athletic trainers, officials, including volunteers participating in organized youth athletic activities, shall complete the training program at least once each school year as required in the District procedure. Joliet Schools Athletic/Activities Code

It is the belief of the administration and staff that participation in athletic/activities is a privilege, which is earned by attaining good grades and setting good examples in behavior and attitude. The ultimate success of the athletic/activity program is dependent on a cooperative effort between the parent and the school. It is in the student's best interest and to that of their fellow team members if they discipline themselves to accept a few simple guidelines. These guidelines have demonstrated their value in assisting athletes who strive for championship performance.

1. The rules of the Montana High School Association will be the minimum guidelines for participation in the Joliet Athletic/Activity Program.
2. In addition, the following Joliet School standards must be maintained:

- a. If a student receives an (F), or no credit in any class on a mid-term, quarter or semester grade report, he/she will be ineligible for participation in extracurricular activities for the next 4 ½ week grading period.
- b. Eighth grade students who receive an (F) in any class for the final grading, period of their eighth grade year will be ineligible for participation in extra-curricular activities for the first 4 ½ week grading period of their freshman year.
- c. Students taking a summer school class to correct the failing grade still must fulfill their ineligibility period. Ineligibility will carry from the end of one year to the beginning of the next year.

- g. Athletes/participants will not be able to practice or draw equipment until their pledge sheet, concussion sheet, physical examination and information card are signed and returned to the athletic/activity director.
- h. Each athlete/participant is responsible for the school equipment issued to their care. Lost/damaged equipment must be paid for by the student.
- i. All athletes/participants are required to travel to and from out-of-town games/activities with the team. If a parent/guardian wants their child to ride home with them from an activity, they must contact the coach or advisor and sign the travel sheet. Any other alternative travel arrangements must have the prior approval of the principal and be in writing.
- j. If an athlete/participant must be late or absent from practice or game, the coach must be informed before, not after the fact. Failure to notify the coach will result in an unexcused absence. Two unexcused absences may result in being released from the sport for the rest of the season.
- k. Athletes/participants are expected to be in school the full day of a game, activity or practice. Athletes/participants that are not in school the full day of a game/activity or practice will not be allowed to participate. The only exceptions are medical appointments with a note from the doctor/dentist or prior permission from the principal.
- l. Report any and all injuries to the coach/advisor.
- m. The head coach/advisor has the final authority to supplement any rules as needed. These rules need to have the support and approval of the principal.
- n. Practices after tryouts are to be limited to two hours.

Training/Participation Rules

- ✓ No consumption or association with intoxicating beverages.
- ✓ No use, possession or association with illegal drugs.

If an athlete is suspended for the second time for alcohol, tobacco, or drug related infractions, he/she will forfeit the right to any athletic award.

4. An emergency session of the athletic committee may be called to dispose of certain cases requiring immediate suspension of an athlete.

HEARING CONSERVATION PROGRAM

Parent Consent Form & Hearing Screening Results

Hearing screening is conducted at your child’s school or at Early Childhood Clinics (preschool screenings) as part of the Office of Public Instruction’s Hearing Conservation Program. Test grades are K, 1, and 9 or 10. Children with a history of hearing loss or middle ear dysfunction are also automatically screened. The following types of screening may be performed:

Pure Tone Screening: This screening is designed to determine a child’s ability to hear varying pitches, from low to high pitch. The tones are presented at a level that is very quiet and the child is asked to indicate when he/she hears a tone by, for example, raising his/her hand. If a child does not hear these soft tones, his or her hearing may be impaired. A hearing impairment may, and often does, affect a child’s speech and language development or school performance.

Otoacoustic Emmions (OAEs) Screening: This is a measure of cochlear (inner ear) function that does not require the child to respond behaviorally. It is used with infants or children who are unable to indicate when they hear a tone. Certain pitches are screened and a passing response indicates that hearing levels are at least 30 dB or better. This does not replace pure tone screening but does provide useful information when pure tone results cannot be attained.

Immittance Screening: This screening measures the movement of the eardrum and assesses the condition of the middle ear. It is a very sensitive test and can identify the presence of a middle ear problem. A common middle ear problem is fluid behind the eardrum. If fluid builds up behind the eardrum, it may act as a plug, impairing a child’s ability to hear.

Your child is not in one of the test grades or on the Annual Recheck list and they have been referred for a hearing screening, which cannot be done without your written consent.

Your signature gives consent for your child, _____,
 to have their hearing screened during the 2019-2020 school year.

Receipt and Review of Student Handbook

Under the Family Education Rights and Privacy Act (FERPA), no personally identifiable information maintained by the district may be released without the consent of the parent/guardian or eligible student. An exception to this rule is when the district publishes directory information about its students: a student's name, participation in officially recognized activities and sports, weight/height of members of athletic teams, photographs, dates of attendance, and awards received in school. This information may be published in sports programs, music and drama programs, news releases, yearbooks, webpage, etc. Parents/guardians may request that the school not publish this information on their child by contacting the school with their request.

I have read a copy of the Joliet High School Student Handbook and I have had my questions answered. I have also shared and discussed this handbook with my parent/guardian. I understand that I am responsible for the contents. I also understand that I will be allowed to participate in co/extra-curricular activities after my parents/guardians and I have signed this page and it is returned to the office.

As a student, I have read the Joliet School District Computer Acceptable Use Policy and agree to abide by its provisions. As a parent/guardian, I have read the Joliet School District Computer Acceptable Use Policy and understand that it is impossible for the Joliet School District to restrict access to all controversial material, and I will not hold the District responsible for controversial material my child acquires on the internet.

I have read and agree to abide by the Athletic/Activities Code section of this handbook. I understand that training rules are in effect from the first day of school through the last day of school. I understand that there are consequences for breaking these rules that include but are not limited to suspension from competitions and possible termination of participation in the activity. As a parent/guardian I give my child permission to travel with the team or group on school sanctioned contest and activities. I understand that if my child misses class for one of these activities, he/she is responsible for the material missed, and may not use participation in the activity as an excuse not to turn in an assignment when due. I give my permission for the trainer, coach, and qualified (First Aid Certified) school personnel to apply first aid treatment until the family doctor can be contacted. I give my consent for athletic trainers to evaluate & provide ongoing treatment and assessment for sports injuries.
